

**Old Man In a Modern World**  
**Copyright 2018 by Paul Arow**

There lived an old man captured in a house alone  
He stayed there many years, couldn't venture on his own  
Each day he woke up wondering how the world had grown  
One day they set him free from that desolate zone

He saw cars that flew themselves  
Shopping malls without walls  
Packages they sent from UFOs  
There was a web up in the clouds  
Circuits inside people  
Sleep walkers always looking down

After all that strange stuff he saw  
He scratched his head in wonderment  
Old man in a modern world  
He was an old man in a modern world

He saw machines that looked around  
Lights glowed and weren't plugged in  
Houses talked to themselves  
Shiny bank cards everywhere  
Spacemen traveled earth and back  
Boats and buildings stretched up to the sky

After all those crazy things he saw  
He scratched his head in wonderment  
Old man in a modern world  
He was an old man in a modern world

He saw wards without beds  
Babies born inside of tubes  
Forests without any trees  
There were athletes with fake legs  
Many animal kinds were caged  
Stuff filled the oceans and towns

After all the crazy stuff he saw  
He scratched his head in discontent  
Old man in a modern world  
He was an old man in a modern world

With all the funny changes seen  
He scratched in amazement  
Old man in a modern world  
He was an old man in a modern world

He was an old man in the modern world  
He was an old man in a modern world  
He was an old man in the modern world  
He was an old man in a modern world

**Slay the Dragon**  
**Copyright 2018 by Paul Arow**

There once soared a fiery dragon and it ruled the sky by command  
And a damsel was held captive by the creature's ruthless demands  
The reigning King and Queen sent a decree out across the land  
A noble knight was found with a steel and a powerful hand

Slay the dragon and save the girl  
Became the knight's grand quest  
Would he be the one who would overcome  
The creature in its nest

The dragon lived in a lair of gold deep in the caverns high  
Its wings spanned huge and scaly rising quickly in the sky  
Its breath like a sulfurous furnace spewing to all the passers by  
The dragon lay undefeated by anyone who tried

Oh, away, oh, oh, oh away, oh, oh, away, oh, oh, away  
Oh, away, oh, oh, oh away, oh, oh, away, oh, oh, away

Slay the dragon and save the girl  
Became the knight's grand quest  
Would he be the one who would overcome  
The creature in its nest

The knight climbed up the mountain to battle the beast alone  
The dragon came out with fury force tearing limb and bone  
With last breath the knight raised up his shield and blocked its fiery groan  
And slayed with sword into its throat having bravely overthrown

Slay the dragon and save the girl  
Became the grand knight's quest  
He would be the one who would overcome  
The creature in its nest

Slay the dragon and save the girl  
Became the grand knight's quest  
He would be the one who would overcome  
The creature in its nest

**Comin' Home to my Baby**

I got a nickel in my pocket and ticket inside my shoe  
I got a nickel in my pocket and I'm coming home to you  
Hey I'm coming home to you baby  
And I hope you love me so true

When I get down to the station I'm gonna jump right up on that train  
When I get down to the station I won't be feelin any pain  
Cuz I'm coming home to you baby  
And I'm missing you insane

I'm gonna ride into the city and step down on that street  
Yes I'm gonna ride into that city and snuggle with you so sweet  
Now I'm coming home to you baby  
And I know it's gonna be a real treat

Comin' home to my baby; it's gonna be alright  
Comin' home; comin' home  
Comin' home to my baby; gonna dance all night  
Comin' home; comin' home  
Comin' home to baby, gonna squeeze ya oh so tight

I'm gonna get there in the evening at quarter past nine  
Yes I'm gonna get home in the evening, and make you feel so fine  
Yea I'm coming home to you baby  
I'm gonna make you mine all mine

Comin' home to my baby; gonna be alright  
Comin' home; comin' home  
Comin' home to my baby; gonna squeeze ya oh so tight  
Comin' home  
Comin' home to baby, gonna dance all night

**Jesus Will Never Forsake Me**  
**Copyright 2018 by Paul Arow**

The Lord provides my needs  
He hears me when I call  
I am safe in His arms  
Like a spring of water  
And a well-watered garden  
My soul will not run dry

And Jesus will never forsake me  
He gives me courage when the seas are rough  
He walks upon the water boldly to me  
And calms the storms with loving hands

God is my deliver  
A light that leads the way  
He's the pure and perfect one  
I can always trust in Him  
He will never leave me  
His hands are faith and steadfast love

And Jesus will never forsake me  
He gives me courage when the seas are rough  
He walks upon the water boldly to me  
And calms the storms with loving hands

And He will never forsake me  
Nothing will separate me from my God  
Jesus is the Lord of Lords  
Jesus is the Lord of Lords

When times get tough and difficult  
I pray and I'm given strength  
He gives me victory through the Son  
The creator of the universe  
His miracles are limitless  
And yet He gave His life for me

And Jesus will never forsake me  
He gives me courage when the seas are rough  
He walks upon the water boldly to me  
And calms the storms with loving hands

And He will never forsake me  
Nothing will separate me from my God  
Jesus is the Lord of Lords  
Jesus is the Lord of Lords  
Jesus is the Lord of Lords

**Mercenary**  
**Copyright 2018 by Paul Arow**

Do you need a one man army  
Mercenary to start world war three  
With gun and dungarees  
Like a one man cavalry

Dirty deeds for a fee  
Fighting for your democracy, your democracy

Mercenary, mercenary, mercenary, mercenary  
One tough breed, one tough breed  
One tough breed

What's your preference; it's all routine  
So wonderfully, neat and clean  
Your very own personal fiend  
You must pay him in gold or green

Fighting like a machine  
Not for love, God, or the Queen; not for God, or the Queen

Mercenary, mercenary, mercenary, mercenary  
One tough breed, one tough breed  
One tough breed

Mercenaries are always on the run  
Soldiers of fortune, lie awake with a gun  
War is hell, but the job has gotta be done  
And if you want to, you can be one

Mercenary, mercenary, mercenary, mercenary  
One tough breed, one tough breed  
One tough breed

Mercenary, mercenary, mercenary, mercenary

**Russian Lullaby**  
**Copyright 2018 by Paul Arow**

Ooh aah Russian lullaby  
Ooh aah Russian lullaby

As I sleep I dream on  
Drifting away in the clam beyond  
As I sleep I dream on  
Drifting away beyond

Ooh aah Russian lullaby  
Ooh aah Russian lullaby

As I sleep I dream on  
Drifting away in the darkness beyond  
As I sleep I dream on  
Drifting away beyond

Midnight the moon is weaning  
I see the light is gleaming  
My time is only fleeting  
My heart has stopped beating

I see in a lullaby a sacred nighttime bond  
Where moon and a winter world shine in the mystic dawn

As I sleep I dream on  
Drifting away in the distant beyond  
As I sleep I dream on  
Drifting far away beyond  
In a lullaby song

**You Set Me Free**  
**Copyright 2018 by Paul Arow**

Darkness overcame me  
I couldn't lose my bonds and chains  
My heart held enslavement  
Then I claimed your bloodstains  
You broke down my mountains  
Cast my sins to sea  
Forever healed from my afflictions  
Forever I am free

You set me free, You set me free  
You set me free, You set me free  
You set me free, You set me free  
You set me free, You set me free, now I am free

I was lost in desperation  
The pangs of pain I cried  
Then you died for my transgressions  
No longer gone awry

You set me free, You set me free  
You set me free, You set me free  
You set me free, You set me free  
You set me free, You set me free, now I am free

Everything works together for good  
You gave your life unfailing love  
You found beauty in my soul  
There is peace under your wings

I've become a new one  
The old has passed away  
Loving hands of forgiveness  
Yields new life everyday

You set me free, You set me free  
You set me free, You set me free  
You set me free, You set me free  
You set me free, You set me free, now I am free

Gentle Jesus make me kind  
Give me a quiet and peaceful mind  
Keep me free from all that's wrong  
Make my life a glad sweet song  
Make my life a glad sweet song

**Spiritual Man (Goin' Home)**  
**Copyright 2018 by Paul Arow**

I had a good friend he was a spiritual man, he said burn me when I die  
And when I live my life the best I can up into heaven I will rise  
He said when I'm gone you gotta set me free to the place I love the best  
Just scatter my ashes 'neath the flowers and trees cuz that's where I want to rest

La, la, la, la, la, la, la, no more will I roam  
He used to say to me now, la, la, la, la, la, la, la, la  
Soon I will be goin' home

He spent 40 days in the wilderness preachin' in bars and towns  
Ridin' on the back of a wild horse where and you could see for miles around  
In the middle of nowhere old Satan run off, he was bein' drug upon the ground  
A rider appeared out of the clouds so high and saved him safe and sound

La, la, la, la, la, la, la, no more will I roam  
He used to say to me now, la, la, la, la, la, la, la, la  
Soon I will be goin' home

Yeah, livin' in a world down under  
He was a believin' man, I was a very big fan  
Yeah, livin' in a world down under  
He had a master plan, forever holy land

Singing la, la, la, la, la, la, la, no more will I roam  
He used to say to me now, la, la, la, la, la, la, la, la  
Soon I will be goin' home

He got a sheriff badge from an arid land and he followed in the way  
We walked the river, caught an eel in hand, gettin' messy at the end of day  
He told me when he died and when he passed way that he would watch down from above  
And help me to follow in the good ol' ways and always live in love

Singing la, la, la, la, la, la, la, no more will I roam  
He used to say to me now, la, la, la, la, la, la, la, la  
Soon I will be goin' home

Singing la, la, la, la, la, la, la, no more will I roam  
He used to say to me now, la, la, la, la, la, la, la, la  
Soon I will be goin', soon I will be goin', soon I will be goin' home

**You Have Made It Real**  
**Copyright 2018 by Paul Arow**

The birds in the sky will be singin' today  
Baby, when you come a-round  
When you come around  
And I'm hopin' that your love won't be going away  
And baby, don't let me down  
Don't let me down

And I don't know, how to say, the feelings that I feel  
All I know is baby, you have made it real  
Woa, you have made it real

And the stars up above will be shining tonight  
Waiting for us to pass by  
Don't let it pass by  
And the feeling is right, tonight is the night  
Don't gotta ask why  
Baby don't you ask why

And I don't know, how to say, the feelings that I feel  
All I know is baby, you have made it real  
Woa, you have made it real

When you hold me and touch me  
You send my emotions off the chart  
And I can't explain the feelin'  
You took my love  
And my heart

And I don't know, how to say, the feelings that I feel  
All I know is baby, you have made it real  
Woa, you have made it real  
You have made it real  
Woa, you have made it real

Everybody needs love  
Like a flower needs the gentle rain  
Pour it down and drink it up  
Let its power take away your pain  
If the sunlight shines in your life  
Let the world receive it as a gift you give  
Everybody needs love  
Every hour each moment that we live

Share it with another  
Love's a hand to lend  
Share it with another  
And love will be your friend

I wake up in the morning  
And I open my eyes to see the day  
Looking all around me  
I'm hoping everything goes my way  
With a candle lit in my life  
I can be a little light from up above  
I wake up in the morning  
And I'm hoping the world will live in love

Share it with another  
Love's a hand to lend  
Share it with another  
And love will be your friend

Everybody needs love  
Like a flower needs the gentle rain  
Pour it down and drink it up
